### NEW YEAR Newsletter

A New Year and a new start for many, but with the fishing the worst its been for many a year its proving difficult to find any numbers of fish. With several matches being cancelled due to adverse weather conditions and those matches that we do manage to fish returning very poor results, its easy to see why our sport is called "fishing" and not "catching".

The winter accumulator is now underway and as always this will be a fiercely fought battle with anyone in with a shout of the trophy.

With presentation night and AGM looming in a few months I would like to ask **ALL previous winners to return their trophies to John Neave** by the end of January so we can get them prepared for the presentation night in March.

I would also like to ask all members new and old to make every effort to fish the final matches of the season and attend both the AGM and the Presentation night as both these events rely upon members participating, and your views and ideas are needed for the future growth of the club.

Happy New Year to everyone and lets hope the fishing improves in the upcoming matches and we see some of the newer members wetting their lines with us.

### Overall League Positions

- 1: Tony Thomas 318pts
- 2: Dene Conway 300pts
- 3: Peter Loke 275pts
- 4: Henry Randell 200pts
- 5: John Neave 174pts
